Fachbereichskolloquium

Wintersemester 20/21
18:15 bis 19:45

Im Rahmen des Philosophischen Kolloquiums findet am **Donnerstag, 26. November**, folgender Vortrag statt:

Hadil Karawani
Universität Konstanz

How to derive 'you should' from 'I would': the case of Advice Counteridenticals

We both know I am not you. I never was and never will be. Yet, utterances of the form "If I were you, I would ..." are common. What do they mean? Also, why are they useful and how so? In this paper, we focus on the advice reading of counteridenticals and how they get to signal advice and therefore a direction for action on the part of the addressee, while at face value they appear to be descriptions of the speaker's actions in the given circumstance.

Alle Interessierten, insbesondere auch Studierende, sind herzlich eingeladen.

nächster Vortrag: 10. Dezember
Moruzzi, Caterina (Universität Konstanz)
Creativity, Anthropomorphization, and Uncanny Valley
